Good catch by you two (sorry I missed the obvious typo).

Hi Ross and all,

Please find attached a couple of edits from Patrick and me, which I've layered on top of CY's document.

Thanks,
Sara

Ross,

Attached are a few minor edits and a comment about whom the letter should be addressed to (Maryam, please confirm).

Sara/Patrick, feel free to make additional changes to the discussion of the role of USEPA and remedial goals if I miss anything.

CY

Hi Ross,

Thank you for incorporating our edits on the template letter to homeowners that will be an appendix of the Ag Park on-site cleanup report. (All roughly 130 letters pertaining to individual lots will be included as the appendix.) I'm including our senior toxicologist, Patrick Wilson, on this message, so he has the opportunity to review the template letter as well. Following his review, we will respond with any additional comments.

Thanks,
Sara

Maryam,

Attached is the revised version of the lot report cover letter based on your comments from our January 19 meeting. However, I did not change the conclusion statement on page 1 as several other parties have reviewed this statement and were ok with how it read. Please review the attachment and let me know if it meets DTSC's needs.

Regards,

Ross Surrency, PG
